

Create a Client Stocking

What is it?

Create a stocking for our clients! This is a great project that you and your small group can create and drop off during the holidays at one of our five centers.

What To Do:

1. Purchase a large stocking
2. Fill it with some small essentials that a new mom would like including: lotion, body spray, comfy socks, a devotional that a new believer may like, chapstick, and a personal card.

Drop it off:

Once you've assembled a Client Stocking, you can drop it off at one of our five centers. Visit friendsoffirstcoast.org/contact to find the center closest to you!

Please contact MK Bevis with any questions:
