

2022 FCWS Clay Center Stats

203
Life Decisions

have been made by abortion-minded/abortion-vulnerable women! In 2021, there were **189 babies saved**, so the Clay Center has increased babies saved by **7%** in the past year.

331 FCWS Clay Center performed 331 ultrasounds in 2022.

This is a 76% increase from 2021. **↑ 76%**

FCWS has begun doing ultrasounds as early as possible as it can increase a woman's likelihood to choose life. Repeat ultrasounds are also permitted if it will allow a person of influence in her life to see the baby.

2022 FCWS Call Center Stats

36% Out of State

36% of all abortion-minded callers were from out of state, representing 7 different states. Florida is in a unique position, where we are surrounded by states with more prohibitive laws. Women are searching for abortions in Florida and reaching us, by the grace of God. We are able to influence these women and connect them to life-affirming centers in their state.
