

2022 FCWS Kernan Center Stats

160 Life Decisions

have been made by abortion-minded/abortion-vulnerable women! In 2021, there were **114 babies saved**, so the Kernan Center has increased babies saved by **40%** in just one year.

260 FCWS Kernan Center performed 260 ultrasounds in 2022.

This is a 225% increase from 2020, from 80 ultrasounds. **↑225%**

FCWS has begun doing ultrasounds as early as possible as it can increase a woman's likelihood to choose life. Repeat ultrasounds are also permitted if it will allow a person of influence in her life to see the baby.

Because of FCWS's targeted client marketing to abortion-minded women, we saw a

↑171%

increase in the number of abortion-minded clients who came into the Kernan Center from 2021 to 2022 (from 38 to 103). Because of this increase of abortion-determined clients, it is important to really be in prayer for the clients and those ministering to the clients.

~30 → 49

The number of new clients per month before relocating from the Beach Center was ~30. In the 7 months after the move to Kernan, new clients per month averaged 49.

LOCATION. LOCATION. LOCATION.

↑55%

The number of new client visits increased from 326 to 505 in the past year. That is an increase of 55% in new client visits in the past year.

85%

of all positive pregnancy test clients were at-risk for abortion (271 out of 320).

1,056
