

BABY BOTTLE DISPLAY IDEAS

Thank you for joining us for this year's Baby Bottle Campaign! To help get you started, we've created a list of some ideas for setting up your Baby Bottle display. An eye-catching display will help engage your congregation in the fight for LIFE!

Once you're all set up, be sure to share your baby bottle display photos and tag us at @fcwsfriends on Facebook or Instagram!

Use baby items like booties, onesies, or ultrasound photos in your display

Set up an eye-catching balloon display

Use different heights and depths in your display

Display the bottles in bassinets, carriages, etc.
